**Department of Public Safety
Traffic Control Division**

City Code Amendment Recommendation

The following recommendation to amend the City Code is based on a review of a request presented by Jefferson Terrace Residents Advisory Board, and the Saratoga Housing Authority's Executive Director. These representatives request that Senior Lane, a short loop street within Jefferson Terrace housing complex and that connects at both end to Vanderbilt Avenue, be restricted to one-way vehicle traffic flow. Based on Department review of the request and the surrounding area, it is not anticipated that a travel restriction will have any negative impact on the neighborhood street network, and will provide increased on-street parking to better serve the needs of the Jefferson Terrace residents.

Code amendment:

Article 225, section 225-72 schedule VII One-way Streets

Add street name: Senior Lane.

Direction: Southbound.

Limits: Vanderbilt Avenue to Vanderbilt Avenue.
