Re: Geyser Road Trail Design Contract (2013) Addendum # 3; GPI project # ALB 2013 058

Dear Mr. Birge

As you know, GPI has been advancing this 100% City funded design contract that includes ROW incidentals and acquisition services through or Subconsultant, RK Hite. GPI and RK Hite have been providing additional services to help guide and administer the Eminent Domain Procedure Law (EDPL) process to now acquire up to 4 properties for this project. Previously only 3 properties were to be acquired via the EDPL. The additional fee being requested at this time covers the remaining legal, engineering support and coordination expected to complete the EDPL process that will allow the project to advance to construction. The net difference in contract amount is an **increase of \$17,800**

Re City of Saratoga Springs
Geyser Road Trail Project

Dear Rich

Per your request, we are writing to provide your firm and the City of Saratoga with a cost estimate for legal services relating to the acquisition of real property interests from one (1) landowner, which acquisition will be accomplished pursuant to Article 4 of the New York Eminent Domain Procedure Law ("EDPL"). This proposal includes an estimate of other necessary expenses that may be incurred in connection with this acquisition. Legal services in these matters would be provided in the capacity of a subcontractor to your firm.

We propose that the legal services in these matters be billed on an hourly fee basis. The hourly rates would be as follows: partner/principal level attorney - \$225; associate attorney - \$150; and paralegal - \$60. These rates are inclusive of ordinary postage, photocopying and telephone calls.

Based upon our professional experience with acquiring title pursuant to EDPL §402(B), a review of documents received in connection with this project and information that we have been provided by your Company, we estimate the approximate cost of the legal services to be provided by this law firm in connection with these acquisitions will be as follows: 1) \$5,625.00 if the proceeding is uncontested, plus 2) an additional \$3,375.00 if the Article 4 proceeding is contested. This estimate assumes that approximately 25 hours of attorney time will be required to obtain and review documents and prepare, submit and file Court papers, prepare and serve required notices and file the acquisition map, and that approximately 15 hours of additional attorney time will be required to perform legal research, prepare and submit responsive pleadings and memoranda of law and attend Court appearances in any contested proceeding. We anticipate that the vast majority of the attorney services will be provided by a partner/principal level attorney.

In the course of acquiring title on behalf of the City, we anticipate that it will be necessary to perform the following tasks at the various stages of the proceeding

- 1 Obtain, update and review title documents and certifications, acquisition maps, project appraisals, appraisal reviews, landowner contact information, final design report, if any, relevant resolutions, and published notices.
- 2 Perform legal research, conduct investigation and correspond with City officials, representatives and agents in order to obtain sufficient information to prepare and file a judicial petition and required notices.
- 3 Provide legal counsel and advice regarding compliance with acquisition requirements imposed by the Uniform Relocation Assistance and Real Property Acquisition Act and the Eminent Domain Procedure Law, and, if necessary, prepare resolutions and other documents necessary for or to demonstrate compliance.
- 4 Prepare, execute, serve and file notices, verified petitions, responsive pleadings and memoranda of law.
- 5 Attend Court appearances and participate in oral argument, if necessary
- 6 Prepare and enter a Vesting and Deposit Order, file the acquisition map and arrange for payment or deposit into Court of the just compensation monies.
- 7 Prepare, serve and file Notices of Acquisition.

In addition to the cost of legal services, we estimate that the City may incur approximately \$800.00 in filing fees and service of process fees.

Please feel free to call or write if there is a need for any clarification or further details regarding this estimate

Very truly yours,

HITE & BEAUMONT, P.C
