This reservation of rights by the City of Saratoga Springs in no way obligates the City of Saratoga Springs to inspect the safety practices of National Grid or its contractors and subcontractors. If the City of Saratoga Springs exercises its rights pursuant to this part, National Grid shall be given three (3) days to cure the defect, unless the City of Saratoga Springs, in its sole and absolute discretion, determines that the work related to the Approved Activities cannot be suspended for three (3) days due to the City of Saratoga Springs' legal obligation to the public or need for completion of National Grid's work or portion thereof.
